**Subject:** First Cut of Data Adequacy for Modeling Losses from NBH CADs

ATTACHMENT: NBH\_Data\_Adequacy\_for\_Discussion.doc

I am attaching a document that summarizes the data that we have found for modeling losses from CAD cells. In it, we have indicated our preliminary assessment of the adequacy of the data. I believe that this will aid our discussion in our conference call on Monday, May 12. In addition, it may help to identify any data that we may be missing.
